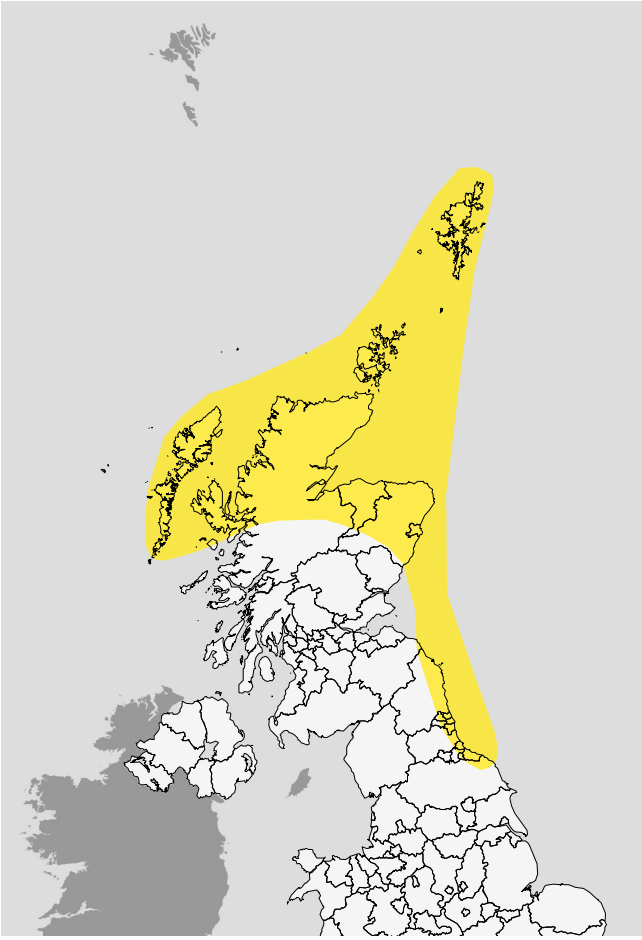
Yellow warning
**Snow & Ice**

Between
**12:00 Tue 13 Dec 2022** and
**12:00 Thu 15 Dec 2022**



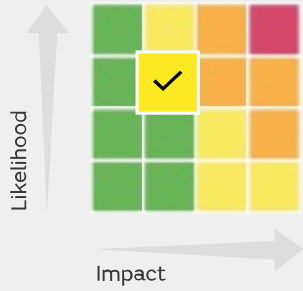
## Snow showers and icy surfaces will bring some travel disruption.

### What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

### Further details

Wintry showers will affect many areas of northern Scotland and parts of northeast England during this period. A few centimetres of snow are likely to accumulate at low levels with the potential for as much as 15-20 cm over higher ground. In addition, ice is likely to form on untreated surfaces, mainly where some of the showers fall as sleet close to coasts.



Medium likelihood of low impacts
